**SPOTTI NEW CEO OF MARCEGAGLIA BUILDTECH**

03 February 2012

Giancarlo Spotti, general manager of Marcegaglia Stainless Steel Division, has been appointed CEO of Marcegaglia Buildtech. This group of companies operates in the building and construction sector with a wide range of products including construction equipment, road safety barriers, insulated panels, automated storage systems and photovoltaic systems. As a result of his promotion, the Stainless Steel Division will be managed by Egidio Bini, long-time collaborator of Spotti. Bini will operate with his staff on domestic and international markets for stainless steel welded tubes, cold drawn bars and flat products.
